Subject: Invitation to the ASEAN University Network 2nd International Health Promotion Conference, 20-21 August 2019, Manila, the Philippines

Dear Prof. Zhang Rong,

ASEAN University Network-Health Promotion Network (AUN-HPN) in partnership with University of the Philippines, and the AUN Secretariat will organize **the AUN 2nd International Health Promotion Conference under the theme “Moving Towards Healthy Universities in Asia” on 20-21 August 2019 at the Novotel Hotel, Manila, the Philippines.**

The Conference aims to highlight the roles of universities in promoting healthy lifestyles and environments with the end-goal of empowering universities to embark on activities and programmes that promote health. The Conference will gather health promotion experts and practitioners, administrators, faculty, health professionals, and students. It will be a venue for various leaders and representatives of ASEAN universities to present best practices, lessons, and challenges in the creation of healthy universities and communities.

The Conference will involve plenary speakers from various ASEAN universities discussing their key health promotion programmes and activities towards the creation of a healthy university. Also, selected research papers focused on certain themes will be presented by researchers, health promotion practitioners, faculty and students during the parallel sessions.

In this regard, we would like to invite you to nominate representatives of your university to join the Conference and to submit abstracts of health promotion-related researches and/or projects for the parallel sessions. In order to confirm and facilitate your participation, we kindly request the representatives to submit abstracts online within 30 June 2019 and to register online by 15 July 2019 at <https://aunhpnmnl2019.wixsite.com/conference>. The tentative programme and conference information are also available on the aforementioned website.

We thank you for your consideration. Your kind support on this matter is very much appreciated.

Yours sincerely,

Teodoro J. Herbosa, M.D.
